Angel

Mona Lisa

Talk to me what you hiding
Tell me what you done to me
Thought we were best friends
But I guess I was wrong
(But I guess you were wrong)

Was she really worth it?
To mess up what you had with me
I thought that you love me
But I guess I was wrong
(But I guess you were wrong)

You can say what you want boy
But you're never gonna get me again

Chorus:
I bet you didnâ€™t think
Iâ€™d catch you in lie
And though it hurts me
I got to say goodbye
Iâ€™m tired of screaming
Can Somebody hear me?
My heart is bleeding
Can somebody save me?
Send me an angel, angel angel x4

So donâ€™t say that youâ€™re sorry
Cause your sorry's donâ€™t mean a thing to me
You thought you could play me
But I guess you were wrong
(But I guess I was wrong)
So grab your stuff boy donâ€™t hesitate
Youâ€™re wasting time, stop your crying
Cause you know it's too late

You think I still love you
Boy you so wrong
And you can say what you want boy

But youâ€™re never gonna get me again

Chorus:
I bet you didnâ€™t think
Iâ€™d catch you in lie
(Catch you in a lie)
And though it hurts me
I got to say goodbye
(Say goodbye)
Iâ€™m tired of screaming
Can Somebody hear me?
(Can somebody hear me?)
My heart is bleeding
Can somebody save me?
(Can somebody save me?)
Send me an angel, angel, angel x4
Angel,

I just wanted to love you
You went and threw it away
Every time I asked where you goinâ€™
You ainâ€™t have nothing to say
Someday Iâ€™ll find me an angel
He ainâ€™t gonna treat me that way
So God send me an angel
This is what I pray.

Chorus:
Iâ€™m tired of screaming
Can Somebody hear me?
(Can somebody hear me?)
My heart is bleeding
(Ohhhhhhhh)
Can somebody save me?
(Somebody save me)
Send me an angel, angel, angel x4
