

# In The Rain

## Skanksters

Ha, this remind me of summer  
I'm talking 'bout an English summer  
You know where it rains all night long  
Yeah, but this reminds me of you  
We don't need to be just a memory  
If you wanna flow I'll walk away  
It was last love, not the first time for you to notice me  
'Cos you had yours and I had mine it still wouldn't find to see  
If it makes sense, I would make sense when you put your lips on me  
And the feeling, get to feel this like this was meant to be  
Nah, but apparently you only get one chance  
And I, this is something I may want to last  
But we both got other things we got to do  
And then that don't stop this girl from feeling you  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
We don't need to be just a memory  
If you wanna flow I'll walk away  
But this is nothing but the real that I speak to you  
Feel how I feel for you, nothing's quite real but you  
I'm changing up my expectations  
This ain't changing my person, oh it's just relations  
And uh, I tried to tell me that a couple times  
But you seemed to get into my heart and write a rhyme  
And you, a future with a capital F  
And I wonder how I got into this beautiful mess  
Now I, now this is something I would never do  
But you color my heart in different shades of you  
I guess we, we just gotta see where this will go  
I know if you're willing I'm gonna wait for you  
To go with me, for to you to go with me  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
We don't need to be just a memory  
If you wanna flow I'll walk away  
This could take a whole lotta time  
'Cos I feel your love in oh so many ways with you

We could be together in the rain  
You and me together, okay you and me together  
Oh baby I'm gonna wait to go out in the rain  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
We don't need to be just a memory  
If you wanna flow I'll walk away  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
Loving in the rain 'til the sun comes out all night long  
We don't need to be just a memory  
If you wanna flow I'll walk away  
Loving in the rain, leave your girl  
All night long, I'll leave my man  
Loving in the rain, we don't need no friends  
All night long, just hold my hand  
Loving in the rain 'til the sun comes out all night long  
We don't need to be, just a memory  
If you wanna go I'll walk away
