

I Don't Wanna Go to Hell

Dr. Spokenstein

Wanna hear the screams in my bad-man dreams
Wanna hear the screams
Give me what I need, nothing else will please
Give me what I need
Wanna do some wrong
Fucking whores till dawn
Then I kill them all
Growing ever weak, just a fantasy
Growing ever weak
Never will it be something real to reap
Never will it be
Wanna do some wrong
Fucking whores till dawn
Then I kill them all
I don't wanna want
I don't wanna wanna go, no
I don't wanna want
I don't wanna wanna go
I don't wanna want
I don't wanna wanna go to hell
I don't wanna want
I don't wanna wanna go, no
I don't wanna want
I don't wanna wanna go
I don't wanna want
I don't wanna wanna go to hell
But I really want to kill
Feeble is the leash that controls the beast
Feeble is the leash
Gotta find some peace, let the darkness sleep
Gotta find some peace
