# Christmas In July

## Brave Combo

The president was passing laws,
Gave a call to santa claus
He said, "get that toy machine on high.
Economy is in a slump
I know what could pick it up
This year let's have christmas in july"Oh, we'll have a christmas , a summer christmas
We'll have one fine fun-time unwinding
In the sunshine christmas
Oh, we'll spend yuletide, down by the poolside
This year let's have christmas in julyI'm dreamin' of a hot christmas
Jingle bells, jingle bells on the ice cream truck
Rudolf, the sunburned reindeer
Have yourself a very steamy christmasWho says christ was a capricorn?
Maybe he perhaps was born
On the hottest sunday of the year
His birthday might have been the time to be
On the beach at galilee
Watching him change water into beer
