

# 80's Joint

## Kelis

Forget about the neighbors, we're doin' them favors, I can wait tonite  
Forget about the neighbors, we're doin' them favors, I can wait tonite

Don't make me wait for your lovin'

Don't make me wait for your lovin'

I like to tease them boy, it seems that you can read my mind

Let me show you and I promise you'll have fun with mine

This is not a test so playboy come and give your best

Come on with it, I just hope that you can make it last, girl

Don't make me wait for your lovin'

Don't make me wait for your lovin'

Don't make me wait for your lovin'

Don't make me wait for your lovin'

Baby the only one, I just want to give you all my time

Boys are waitin' up the back in line

You're the one I can't get out my head

It's so cute the way you said that you want it

Don't make me wait for your lovin'

Don't make me wait for your lovin'

Don't make me wait for your lovin'

Don't make me wait for your lovin'
