

Spaceboy (Acoustic Mix)

Smashing Pumpkins

Feel it
Break your bones
Mr. Jones Taste me
As I bleed
Taste my need Spaceboy I've missed you
Spinning round my head
Any way you choose me
You'll break instead Watch me
Death defy
Defile my life I don't need
I don't care
Please I want to go home
I want to go home
I want to go home
I want to go home
'Cause when a lover aches
'Cause when a lover breaks
I want to go home
I want to go home Spaceboy they'll kill me
Before I'm dead and gone
And any way you choose me
It won't be wrong
And any way you choose me
We won't be long We won't be long
We won't be long
We won't be long
We won't be long
We won't be long
