

All Night

Def Leppard

I like a woman who loves to drive
Loves to do it fast, yea, above ninety five
Ah yea, ah yea, oh yea
I love a woman who likes to make me sweat
Who'll come on 'round lookin' for love
Get what she can get
(Ow)
Show me Babe, what's on your mind
(Ah yea, ah yea, oh yea)
I wanna feel you one more time
(All night)
I like it
(All night)
I want love, oh yea
I wanna make love, baby
Oh yea
I wanna make love, child
(All night)
I wanna do it
(All night)
Oh give a little love, baby
(All night)
I wanna have you
(All night)
I want to taste you
Ah yea, ah yea, oh yea
Ah baby, it's show time
Give it to me
(Give it to me)
I like a woman who wants to be the star
She'll make a man go further than
He's ever been before
(Give it to me)
Show me babe, what's on your mind?
(Ah yea, ah yea, oh yea)
I wanna feel you one more time
(All night)
I like it
(All night)

I want it
(Give it to me)
Oh, ah, make a little love, baby

Oh, hey, make a little love, child
(All night)
I wanna do it
(All night)
Oh give a little love, baby
(All night)
I wanna have you
(All night)
I want to taste you there
You shouldn't wanna do what you wouldn't want me to
You didn't say you wouldn't and you shouldn't but you do
Let's get personal
(Give it to me)
Oh baby, it's show time
(Give it to me)
Give it to me, baby
(Give it to me)
Oh I like that
(Give it to me)
(Give it to me baby)
Don't think, don't think, don't think
Just do it
(Do it)
(Do it)
Oh, ah, make a little love, baby
Oh, hey, make a little love, child
(All night)
I wanna do it
(All night)
Oh give a little love, baby
(All night)
I wanna have you
(All night)
Give it to me, give it to me
I wanna do it
(All night)
Oh give a little love, baby
(All night)
I wanna have you
(All night)
I want to taste you
