The Crowd

Circle Jerks

Sometimes I feel so all alone
When there's so many people
It's all a state of mind for me
Every once of a while
They ought to abide by what is true
And it's all been spoken
It's a matter of what they want for them
And it's bringing me down[Chorus:]You won't like what I have to say
Don't really matter
You won't like what I have to say to you
Saying it anyway
Let your people know...
All the world must live here!Now and then a few seem that they care
About the others
They're aware of what tomorrow brings
And it's hopeless feeling
If you know that you fear as I do
Please let me know
We can say that we're not alone
And the rest will follow[Chorus:]
