

I Never Got to Tell You What I Wanted to

Juliette and the Licks

One midnight call changed it all
I sit in silence and reach into the distance
A brother's sentence, forever villainized
No chance of redemption, no matter how hard you cry
Sisters I will hold your hand through the night
You gotta be strong, reach for your life
She was your protector everything remains
Not of this world, now the forest swallows her name
I never got to tell you what I wanted to
And I cry about it now
I never got to tell you what you meant to me
And I cry about it now
I never got to tell you what I wanted to
Don't cry about it now
I never got to tell you what you mean to me
All for one and one for all
We will climb upright break down the wall
Soft light of reason quiet this fear
Words like repent are the last you'll ever hear
I never got to tell you what I wanted to
And I cry about it now
I never got to tell you what you meant to me
And I cry about it now
I never got to tell you what I wanted to
Don't cry about it now
I never got to tell you what you mean to me
Spitting on a gem
Breaking the toy of innocent
Glass hearts fall to the ground
These things don't matter
These things don't matter
I never got to tell you what I wanted to
And I cry about it now
I never got to tell you what you meant to me
And I cry about it now
I never got to tell you what I wanted to
And I cry about it now
I never got to tell you what you mean to me
Don't cry out right out now
Don't you cry, don't you cry, don't you cry
Don't you cry, don't you cry
Sisters, sisters reach for your life
Hold my hand, hold my hand and fight
Don't you cry
