

Spit

Dirge Within

your resolution
your false solution
?.

your evolution
your retribution
for the words I don?t believe

you can pray for me to follow
you can pray for me to follow
but I have no religion
I can?t take the pain
God damn
it don?t mean shit to me (you don?t mean shit to me)
I am my decision
I can?t take the pain
God damn
you don?t mean spit to me (you don?t mean spit to me)

your revelation
the masturbation
are more than you believe
your confirmation
your intoxication
is the?.

you can pray for me to follow
but I have no religion
I can?t take the pain
God damn
it don?t mean shit to me (you don?t mean shit to me)
I am my decision
I can?t take the pain
God damn
you don?t mean spit to me (you don?t mean spit to me)

I won?t be a victim
you?re fucking killing me
this world is killing me

(repeat)

I have no religion
I can?t take the pain
god damn
it don?t mean shit to me (you don?t mean shit to me)
I am my decision
I can?t take the pain
god damn
you don?t mean spit to me (you don?t mean spit to me)
