

# Rusty Nail

[Grip Inc.](#)

Lord is easy to find, justice hard to achieve  
Conversations always failing  
Look straight ahead, see only that is real  
Stop the endless search for judgement  
Circumstances revolve opportunities rap defying  
Stabbing pressures of decision  
Like stepping hard upon rusty nails  
Disease flows without resistance  
See pale skin turning red  
Provocation rules throughout  
Burning with desire  
Watching others fall away  
Concealed always to stay  
Behind the eyes of insanity  
No compromise the poison flows freely  
Bringing naked brutality  
The will to command constant everlasting  
Endless battle for recognition  
Clear the warnings rampant negativity  
Attrition of man explodes
