

# (I Just) Died In Your Arms Tonight

## Cutting Crew

Oh I, I just died in your arms tonight  
It must have been something you said  
I just died in your arms tonightI keep looking for something I can't get  
Broken hearts lie all around me  
And I don't see an easy way to get out of thisHer diary, it sits by the bedside table  
The curtains are closed, the cat's in the cradle  
Who would've thought that a boy like me could come to thisOh I, I just died in your arms tonight  
It must've been something you said  
I just died in your arms tonightOh I, I just died in your arms tonight  
It must've been some kind of kiss  
I should've walked awayIs there any just cause for feeling like this?  
On the surface I'm a name on a list  
I try to be discreet, but then blow it againI've lost and found, it's my final mistake  
She's loving by proxy, no give and all take  
'Cause I've been thrilled to fantasy one too many timesOh I, I just died in your arms tonight  
It must've been something you said  
I just died in your arms tonightOh I, I just died in your arms tonight  
It must've been some kind of kiss  
I should've walked awayIt was a long hot night  
She made it easy, she made it feel right  
But now it's over, the moment has gone  
I followed my hands not my head, I know I was wrongOh I, I just died in your arms tonight  
It must've been something you said  
I just died in your arms tonightOh I, I just died in your arms tonight  
It must've been some kind of kiss  
I should've walked away
