

# Holy Roller Novocaine

## Kings of Leon

My darling you look lovely  
I've come to lay you down  
Uncover your head and submit to me  
We'll make a joyful sound  
I don't care if you're by yourself  
Or you're all alone when you need my help  
Keep that smile on your pretty face  
Cause you don't have much I can't take away  
Don't you worry baby  
You won't feel a thing  
Close your eyes  
Holy roller Novocaine  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
I know, I know  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
You'll be hearin' me comin'  
But I can't come inside  
I'll be out back in my white Cadillac  
Won't you join me for a ride  
We'll go up to the mountain top  
There I'll show all the goods I got  
Don't look back keep your eyes ahead  
This could be the night that the moon goes red, oh Lord!  
Don't you worry baby  
You won't feel a thing  
Close your eyes  
Holy roller Novocaine  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
I know, I know  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
All the world is moanin'  
And baby so am I  
I'm just givin' you warning  
And I'm telling you why  
Lord's gonna get us back  
Lord's gonna get us back

Lord's gonna get us back  
Lord's gonna get us back  
I know, I know Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
I know Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
I know, I know Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
Lord's gonna get us back  
I know, I know
