

Everyone

Cheryl Cole

Come on people tell me something
You got freedom
I don't know what you're waitin' for
I don't even know you still searching
You won't find it That because it's been right there this whole time
You know where I'm coming from, yeah
It's a rude awakening wakening
There's no way to escape it Don't you give a
Turn it all around round, round
Turn it all around round, round Sometimes life's not fair
Don't you let them stop you though
I've been right where you are before
Are before I've been there before
Don't let no one stop you though
Happiness is for everyone
Everyone is for everyone Storms keep coming, rain keeps pouring
Life's a villain
You're the hero you're searching for
You've got to save yourself, yeah I'm no saint and you're not either
No one's perfect so why we trying to be perfect for
Do we even know?
Yeah, yeah, yeah Sometimes life's unfair
Don't you let them stop you though
I've been right where you are before
Are before I've don't let no one stop you though
Happiness is for everyone
Everyone is for everyone That's right blaze in the bottom
I come from the bottom
Under privileged and overally rotern
I heard the Scotland calls it the screams So I plant something pretty
To follow my dreams
I put in the what of where did it hurt
I could of got killed I could of got mugged I was out a lot but I stuck with it
Now summertime came and I'd be 'round for a visit
I got to go I got to go home
But you sit there with a deprease on What with women all pretty with the nitty and gritty
That's the only way you're gonna be sitting pretty
You need to aim for the top to reach the top
Yeah, I preach a lot but I believe a lot And if you believe you're not

Then I should put a laugh on a lad
Just to get what I want and guess what Sometimes life's unfair
Don't you let them stop you though
I've been right where you are before
Are before I've don't let no one stop you though
Happiness is for everyone
Everyone is for everyone
