

Last One Out Of Liberty City

Less Than Jake

Last one out of Liberty City: Burn it to the ground.I know(x3)

I know just who I am

and What's in my head is that I don't really give a damn

Just who you think I am

Just who I am is who I am

Just who II know there comes a time when you lose faith in what you believe inside

(What you have inside!)

And what you have inside and did you know somehow it's just a spark that's a start
that keeps us from the crowd.The other day this girl came up to me and asked if she used to go to school
with me,

I kinda laughed and she said wasn't I the guy her friends always called a waste of time?I know(x3)

I know just who I am

and What's in my head is that I dont really give a damn

just who you think I am

Just who I am is who I am

Just who IWhen I stop and think about to where I'll be 10 years from now

(10 years from now)

I wonder if the me of now would call myself washed up or watered down or just part of the crowd?And the
other night this guy came up to me downtown and can't believe that
after 5 years I'm still around and he said Wasn't I the guy who walked these
streets all night?

It's such a waste of time.I know(x3)

I know just who I am

and What's in my head is that I dont really give a damn

just who you think I am

Just who I am is who I am

Just who I
