

# Outnumbered

## Dermot Kennedy

Don't tell me this is all for nothing  
I can only tell you one thing  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere  
I see everything you can be  
I see the beauty that you can't see  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere  
I could have showed you all the scars at the start  
But that was always the most difficult part  
See, I'm in love with how your soul is a mix of chaos and art  
And how you never try to keep 'em apart  
I wrote some words and then I stared at my feet  
Became a coward when I needed to speak  
I guess love took on a different kind of meaning for me  
So when I go just know it kills me to leave  
To all the stars that light the road  
Don't ever leave that girl so cold  
Never let me down, just lead me home  
Don't tell me this is all for nothing  
I can only tell you one thing  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere  
I see everything you can be  
I see the beauty that you can't see  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere  
But there's beauty here that's yet to depart  
There's still a song inside the halls in the dark  
I'll come for you, if you just stay where you are  
And I'll always hold your hand in the car  
And there'll be days when it's difficult, but I ask you  
To never leave behind the reciprocal, we're past that  
Love is not designed for the cynical  
So we have that, we can have that  
To all the stars that light the road  
Don't ever leave that girl so cold  
Never let me down, just lead me home  
Don't tell me this is all for nothing  
I can only tell you one thing  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere  
I see everything you can be  
I see the beauty that you can't see  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere  
How long can you wait for the one you deserve?  
Fight on  
Never let it out, never let it out  
If I'm gone, if you ever leave I hope that you learn

To fight on, to fight on Don't tell me this is all for nothing  
I can only tell you one thing  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere I see everything you can be  
I see the beauty that you can't see  
On the nights you feel outnumbered  
Baby, I'll be out there somewhere (How long?)  
Baby, I'll be out there somewhere, somewhere, somewhere  
(How long?)  
Baby, I'll be out there somewhere, somewhere
