So Long

Sloppy Meateaters

Hanging out finally I get to see you here with me
Did you ever think you'd see the day finally runaway

I know that it feels unfair, we'll be just fine
Don't give in to all your fears, your heart won't lie

So long it's been forever, my heart
Belongs to you and never think that
I'm not strong enough to hold this all together

Said goodbye a thousand times just to hear you say you're on your way
Face it you're stuck with me and all thirty personalities

I know that it feels unfair, we'll be just fine
Don't give in to all your fears, your heart won't lie

So long it's been forever, my heart
Belongs to you and never think that
I'm not strong enough to hold this all together

So long it's been forever, my heart
Belongs to you and never think that
I'm not strong enough to hold this all together

So long it's, so long it's, so long it's
So long it's been forever

So long it's, so long it's, so long it's
So long it's been forever
