

Hard Headed Mama

Amelia Presley

Are you crazy
Have you gone insane
You don't know me
But you're talkin' 'bout rings

There's something you should know about a broad like me
Got shovels in the dirt 'cause my closet's clean

CHORUS:

Tell me are you crazy, Are you out of your head
I'm a loaded pistol with a pocket full of lead
Get off your knees I don't need you
I'm a hard headed mama with a heart of blue

Wipe off your charm and expectations
I ain't on your arm, I'm celebratin'
An independent mind, I'm one of the few
But in every single bar there's one like you, oh
Ask me can I cook and can I clean
How do I feel about those sort of things
Tell me stay at home with all your kids
And you can go to work and fill my fridge

REPEAT CHORUS

I've been up north I've been down south
I ain't heard the end of your loud mouth
Got a pocket full of green ya got from the boat
Better sink your checks 'cause shit don't float

REPEAT CHORUS

BRIDGE:

You're tall and handsome and your smile is white
You're living in the now and you're future's bright
Wait til ole Sam takes a hammer to you
You'll be down in Alabama while my collar's still blue

REPEAT CHORUS

Hard headed mama with a heart of blue....
