

God Only Wants You

Ours

Can you say
God only wants you too?
God only wants you to be
God only wants you Can you feel
God only wants you too?
God only wants you to dream
God only wants you Forever, forever, forever
Forever, forever, forever can
And it seems so hopeless, um Can't you see
I only wanted you
I only want you for me
I only wants me Could it be
If I was the only?
If I was the only for you
If I was the lonely Forever, forever, forever
Forever, forever, forever can
And it seems so, hopeless Forever, forever, forever
Forever, forever, forever can
And it seems so hopeless Can you say
God only wants you too?
God only wants you to be
God only wants you
