

The Emergency

BT

Emergency has passed I watch you in the candlelight
My head is in your hands
The neon lights have all gone down
We make our future plans I wanted things to get better
I was in pain
I wanted you to be in my lifeline I wanted love to get better
I'd wait in line
For something I knew that I would get to keep Your "I love you"
Your "I love you"
Your "I love you"
And I can feel it bleeding Your "I love you"
Your "I love you"
Today is the day
That I love you Your "I love you"
Your "I love you"
Your "I love you"
And I can feel it bleeding Your "I love you"
Your "I love you"
Today is the day
That I love you The flashing lights have gone away
Emergency has passed
The future's right in front of me
And I won't finish last Today is the day
That I love you
Today is the day
That I love you Your "I love you"
Your "I love you"
Your "I love you"
And I can feel it bleeding Your "I love you"
Your "I love you"
Today is the day
That I love you Your "I love you"
Your "I love you"
Your "I love you"
And I can feel it bleeding
Your "I love you"
