Bad Astronaut

This Vehicle is breaking down
Someday I'll stop
Can't get these tired wheels to go round
Back in the shop
A month of treatment for the wear and tear
Then fall apart
Cross the state border disappear
Back in the shop againAdmitted, acquitted
Admitted, acquitted
Back on the road neither here nor thereVessel devoid of ambition
Sputter and crawl
Propelled by faulty transmission
Likely to stallAdmitted, acquitted
Admitted, acquitted
Back on the road as the sun goes downThis Vehicle is breaking down
Someday I'll stop
Propelled by faulty transmission
Back in the shop
Non-stopNo breaks for my mistakes
Admitted, acquitted
Admitted, acquitted
Back on the road as the sun goes down
