

Girls Are The Cruellest

The Flys

This day, special day
You're beautiful
And this day, special place
Your diary's locked
And this face, the freshest face
In the world
And oh, don't dignify their hatred
With any kind of response at all
And oh, don't dignify their cruelty
Girls are the cruelest of them all
This day, a special day
Your high school prom
And this time, you won the game
You weren't even trying hard
And oh, don't dignify their hatred
With any kind of response at all

And oh, don't dignify their cruelty
Girls are the cruelest of them all
Girls are the cruelest of them all
You're beautiful
And oh, don't dignify their hatred
With any kind of response at all
And oh, don't dignify their jealousy
'Cause you've got it all
Girls are the cruelest of them all
The cruelest of them all
Girls are the cruelest of them all
The cruelest them all
You're beautiful
