Hatchet

Low

You be my Charlie and I can be your George
Let's bury the hatchet
Like the Beatles and the Stones
They'll play our songs forever on the radio
Let's bury the hatchet like the Beatles
The Beatles and the Stones
I know you've got a thing for ordinary guys
But I've heard your records
And they sound a lot like mine
So you be my Marianne and I'll be your Yoko
Let's bury the hatchet like the Beatles
The Beatles and the Stones
Like the Beatles
The Beatles and the Stones
