

Champion

Clement Marfo / the Frontline

(Feat. Kano)

You dun'kno when I pass through
The smell of quick fresh wiff like a fragrence
Everyone around knows what my name is
Surrounded amongst the finest entertainers
Not the C or the B but the A list
Adios amigos to the haters
As they rest outside by the railings
This aint no haux no hoodies no trainers
Were causing mayhem

(Hook)

We'll cause a rukkus in the middle of the playground
I aint looking for no trouble when I say something
DJ play something, let's get the place jumping
Turn up the volume so we hear the whole place bumping

(Chorus)

Don't need to look in the mirror
I'm known fly like I can't lies on me
They know my name
They know my name
They know my name, my name, my name
As I step in the building
Hands on the ceiling
I'm the only one to blame
They know my name
They know my name
They know my name, my name, my name

You dun'kno when I pass through
I make the place shake like an earthquake
Watch the speakers bump and vibrate
This isn't no place for no lightweights
Taking over your mind like a migraine
With these high off flights pupils dilate
I aint letting any ***** get in my way
So the AM were causing Mayhem

Were causing mayhem

(Hook)

We'll cause a rukkus in the middle of the playground
I aint looking for no trouble when I say something
DJ play something, let's get the place jumping
Turn up the volume so we hear the whole base pumping

(Chorus)

Don't need to look in the mirror
I'm known fly like I can't lies on me
They know my name
They know my name
They know my name, my name, my name
As I step in the building
Hands on the ceiling
I'm the only one to blame
They know my name
They know my name
They know my name, my name, my name

Uh oh uh oh

I guess they know what time it is

Uh oh uh oh

I guess they know what time it is

Uh oh uh oh

I guess they know what time it is

Uh oh uh oh uh oh uh oh

(Instrumental)

Yeahhh..

Hevy metal no detector
Murder on the dance no sophie Ellis Bexter
No feet bopping
Couple cold beers
And everyone know my name, CHEERS
Playground bully
Kiss chase but the girl don't run from me
Red lipstick on my fresh white tee
Can't keep her little model hands off me

(Hook)

We'll cause a rukkus in the middle of the playground
I aint looking for no trouble when I say something
DJ play something, let's get the place jumping

Turn up the volume so we hear the whole base pumping

(Chorus)

Don't need to look in the mirror
I'm known fly like I can't lies on me
They know my name
They know my name
They know my name, my name, my name
As I step in the building
Hands on the ceiling
I'm the only one to blame
They know my name
They know my name
They know my name, my name, my name
OHH
