## **Wasted Time**

## **Fuel**

Say it to my face Look me in the eyes And say what you have to say You know we can't erase These words before goodbye And turn the final pageAh, here comes alone again'Cause everything's broken everything's vacant everything's wasted time again Sentiments, hopeless Innocence, jaded everything's wasted time againAnd so we leave this stage And all our best written lines and all the acts we played so, say you want to leave and say we'd never have the way we always hoped we'd tryAnd say hello to alone again'Cause everything's broken everything's vacant everything's wasted time again Sentiments, hopeless Innocence, jaded everything's wasted time againSomeday we might find (someday we will find) some sacred place in time (yeah, in time) but until then all we'll share are dreams we left behind
