They Got Love For You

Teflon Vest

Every time you listen to this
I don't want you to cry
I want you to smile
I want you to think of the good times
The good experiences.
Let's go!

I would change my life for you
They got love for you but I'm the one who really loves you

You say they love you but I gotta disagree
If they really did, why they aint here to see
Your tears droppin' down no inner peace
Make up runnin' all down your pretty cheeks
Lonely but not because of me
This is how I see you every week
But I wanna see you liven' happily
For some reason you stay mad at me
I, been tryin' for a while just to show you
To show you
And I, I, I, feelin' like now I just don't know you
Don't know you

We almost strangers in passin'
(How did this happen)
You keepin' secrets from me
(Always mad and)
You always thinkin' it's me
(That got you stressed out)
Your friends and family don't see
(That you're a mess now)

We almost strangers when passin'
(How did this happen)
You keepin' secrets from me
(Always mad and)
You always thinkin' it's me
(That got you stressed out)
Your friends and family don't see

(That you're a mess now)

They got love for you, but they aint got it like me
Got it like me, got it, got it like me
They got love for you
They got love for you
They got love for you, but they aint got it like me
Got it like me, got it, got it like me
They got love for you
They got love for you

I was there for your sickness and your pain
I was there when your dad wouldn't call your name
I was there when the bills were too much
Held you down no matter, always showed loved
On your birthday no I didn't forget
If you got stranded then it was like no sweat
I'd be there even faster than a Corvette
Held you tight at night like a corset
I, finally start to feel like I know you
I know you
And they, will tell you in a minute they don't owe you
Don't owe you

We almost strangers in passin'
(How did this happen)
You keepin' secrets from me
(Always mad and)
You always thinkin' it's me
(That got you stressed out)
Your friends and family don't see
(That you're a mess now)

We almost strangers in passin'
(How did this happen)
You keepin' secrets from me
(Always mad and)
You always thinkin' it's me
(That got you stressed out)
Your friends and family don't see
That you're a mess now

See I'm missin' your lovin' everyday
(Everyday)
See I'm missin' your lovin' everyday

They missin' you when they need you selfishly
(Selfishly)
They missin' you when they need you selfishly
See I'm missin' your lovin' everyday
(Everyday)
See I'm missin' your lovin' everyday
They missin' you when they need you selfishly
(Selfishly)
They missin' you when they need you selfishly

They got love for you, but they aint got it like me
Got it like me, got it, got it like me
They got love for you
They got love for you
They got love for you, but they aint got it like me
Got it like me, got it, got it like me
They got love for you
They got love for you

They got love for you, but they aint got it like me
Got it like me, got it, got it like me
They got love for you
They got love for you
They got love for you, but they aint got it like me
Got it like me, got it, got it like me
They got love for you
They got love for you

See with me and them there's a difference
They got love for you, i'll admit that
But I actually love you
And this aint about music, this aint about songs, this aint about outro
This real talk, this real talk, yea
