

And the Story Ends

Blind Guardian

And the story ends
Insanity said coldly
Still waiting for the chance
So out of nowhere it will rise
Oh, and another journey starts
By the call of the moon
Was it really me
I saw in the mirror screaming
I swallowed hate and lies
Through a thousand cries
Someone's sucking out my energy What can I do
On this road to nowhere
Heart of dragon lies
At the edge of time And the story ends
Insanity said coldly
Still waiting for the chance
So out of nowhere it will rise
Oh, and another journey starts
Into insanity's claws Come with me and join me
A new life's waiting for you
Jump through the mirror
Leave fear behind
No matter where I tried
The candle light seemed
Lost forever
Before my vision ends
Cathedral
Falling tears We're not alone
There's someone else, too
From the mirror's other side
Reflecting the cruel part of your soul
It's time for your choice What can I do
On this road to nowhere
Heart of dragon lies
At the edge of time And the story ends
Insanity said coldy
Still waiting for the chance
So out of nowhere it will rise
Oh, and another journey starts

By the call of the moonHeart of dragon liesWhat can I do

On this road to nowhere

Heart of dragon lies

At the edge of timeAnd the story ends

Insanity said coldly

Still waiting for the chance

So out of nowhere it will rise

Oh, and another journey starts

Into insanity's clawsI'm not a king

I'm just a bard

How can I trust

If there's good and bad

The wounds of life

They will remain

At least I found a friend
