

# Magazine

## Hidell

Picture me on the cover of your magazine  
All the shiny happy people starring back at me

Turn the page if you really wanna look at me  
The photographs that stole my soul  
Are yours to see  
Are yours to see

Do I feel alive  
Do I feel alive  
Do I feel alive

Picture me getting bent in my limousine  
Living fast dying young is the only dream

Do I feel alive  
Do I feel alive  
Do I feel alive

Picture me on the cover of your magazine  
Look at me I'm a copy written junkie  
When I'm gone I'll live on for eternity

Do I feel alive  
Do I feel alive  
Do I feel alive
