

Chemistry

Alcazar

Hey you, standing in the corner, looking like a loner
Don't you want to be mine
Hey you, dancing like a zombie, feel the rhythm like me
Don't you want to be mine You know it's Saturday tonight, I got the fever
(Fever)

And when the music take control, you got to be there
(Be there) Let's have a good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry Hey you, put your hands on my hips, music's loud so read my lips
Don't you want to be mine
So you, I knew the second I saw you, you and I are just so cool
Don't you want to be mine, mine, mine, mine 'Cause when I look into your eyes I know you got it
(Got it)

And when you look into my eyes, you know I want it
(Want it) Let's have a good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry Good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry I think I'm in love, I think I'm in love
I think I'm in love, I think I'm in love You know it's Saturday tonight, I got the fever
(Fever)

And when the music take control, you got to be there
(Be there) Let's have a good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry Good time, forget about the reality
'Cause you and I make chemistry
Sometimes the best times of you are fantasy
'Cause you and I make chemistry I think I'm in love
(Cause you and I make)
I think I'm in love
(Chemistry) I think I'm in love
(Cause you and I make)
I think I'm in love
(Chemistry)
