

# Let It Go (lil Mama)

Nelly

Ohh, turn it up, turn it up, turn the beat up

Derry ENT

Turn it up some mo', okay, you turn it up a little bit?

Here we go, we all, we go, ohh

She blowin' 'cause she seen that car, she 'bout to blow

She blowin' 'cause you turned that corner, there they go

She blowin' 'cause she seen that watch, she 'bout to blow

She blowin' 'cause you flashed in it on her, 'bout to blow

She blowin' 'cause she seen that knot, she 'bout to blow

She blowin' 'cause she seen your flash, there they go

So many y'all in one spot, she lose her mind

She never seen so much cash

So let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go lil' mama

Just let it go lil' mama, let it go

Yo, they call me Mr. Intellectual, I keep a bunch of vegetables

Carrots and the broccoli, how the hell can you stop me?

Naughty by nature, yup I'm treacherous and less than this

Would be uncivilous, and like some syphilis, I'm killin' this

Beat by Pharrelly, yeah, yeah, really, Chad this is silly, j-j-just silly

Got a team in the Carolinas, your highness

Keep the finest big booty behind us, behind us

Just to remind us that, that we the flyest so

Kids at home, yo please don't try this

My hands in my pocket, mayne, I'm doin' the wop

Lil' mama on her Snoopy Doggy Dogg, she droppin' it hot

I got whatever in my garage, pull up and shut down your spot

I got how many in my bezel, man, I shut down your watch

Oh yeah, I'm rappin', believin', my zing and my trees in

And soon I'll be leavin' with yo' chick

She blowin' 'cause she seen that car, she 'bout to blow

She blowin' 'cause you turned that corner, there they go

She blowin' 'cause she seen that watch, she 'bout to blow

She blowin' 'cause you flashed in it on her, 'bout to blow

She blowin' 'cause she seen that knot, she 'bout to blow

She blowin' 'cause she seen your flash, there they go

So many y'all in one spot, she lose her mind

She never seen so much cash

So let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go lil' mama  
Just let it go lil' mama, let it go  
She call me Mr. Extra Sexual, Scorpio ma is legible  
Extraterrestrial, she say I'm harder to swivel  
I keep a fresh pair of Versace, you shine up my Liberace  
She my Dolce and my Gabanna, ma I'm keepin' it thorough  
I keep one hundreds in the bunnies  
Let me keep it one hundred  
I'm the most underrated, under appreciated  
Most sold to dated, fuck you rapper we got  
See I don't drop every year to give you niggaz a shot  
Now I might not give five mics or a double-XL  
But fuck it, you keep it, I'ma take the hundred mil'  
And the Murci
