Stay Forever

Panama

Stay forever, trust in each other
Here when we're waiting
It [?] to last it
We'll all stay here for the summer
I can hear them all callingStay forever, trust in each other
Stay forever, trust in each other
Stay here foreverThen our dream, walking past to what was said
Hold on to your lover
Feel this way, wash away this text with pain
Then pass, slip from whole pastStay forever, trust in each other
Stay forever, stay forever
Here, into my heart
Stay close together
Stay forever,
Stay here forever
