All Aboard

Normal Like You

Hey
Escucha las palabras...de Romeo
You need this in your life
Ven aqui
[Romeo]I ain't gotta give you instructions
You just gotta follow my lead
Your body's making sounds like percussion
I'm orchestrating your fantasies
And when you wake up
Feeling like a dream
You ain't gon' believe
And everything you need
Girl, you gon' receive it tonight
And I know your condition
I'ma make you feel the life
Relax and feel the ride
So act like it's the last time
The last chance for you to go there
There's one ticket left, and girl it's for you baby
The last grind, and girl you won't find this feeling nowhere
You better hurry cuz the train is leaving
All aboard
Come on
Montate mami
I ain't using words as persuassion
I don't got a reason to speak
It's always a special vacation
Anytime your layin' with me
And when you wake up
Feeling like a dream
You ain't gon' believe

And everything you need
Girl, you gon' receive it tonight
And I know your condition
I'ma make you feel the life
Relax and feel the ride
So act like it's the last time
The last chance for you to go there

There's one ticket left, and girl it's for you baby
The last grind, and girl you won't find this feeling nowhere
You better hurry cuz the train is leaving
All Aboard
[Lil' Wayne]Yeah
She wanna ride that Wayne train
So imma bag her like baggage claim
We smoked that Marry not plain Jane
And everything is just fine
I keep a picture of us smiling at the back of my mind
I grab the back of her hair, she throw it back like rewind
I put her face in the pillow
Taste it a little
Shawty said she feel like she's sitting on a missle
I said 5 4 3 2, the one can only be you
Shawty said oh lord i'm coming, I said me too
My love has no equal, get on top
And if you ride this train, get off at your stop
[Romeo]It's the last time
The last chance for you to go there
There's one ticket left, and girl it's for you baby
The last grind, and girl you won't find this feeling nowhere
You better hurry cuz the train is leaving
All aboard...
