

Never Again

Breaking Benjamin

[Verse 1]

Carry me under

Make me abandoned

Show me whats left, show me whats left

Beautiful anger

Breaking the pattern

Show me what's left, show me whats left[Chorus]

Take the color from your eyes

I bleed for you, I bleed for you

Bring the broken back to life

We'll make it through, we'll make it through[Verse 2]

Empty ain't perfect

Shattered and worthless

Show me what's left, show me whats left

Dragging me further

Forget to remember

Show me what's left, show me whats left[Chorus]

Take the color from your eyes

I bleed for you, I bleed for you

Bring the broken back to life

We'll make it through, we'll make it through[Chorus 2]

Never again, never again

Time will not take the life from me

Never again, never again

Time will not take the life from me And after this world is out of reach

Sober and silent, fading and violent

Hopeless I fight to fall between

Never Surrender, out of the embers

Save a space inside for me[Chorus]

Take the color from your eyes

I bleed for you, I bleed for you

Bring the broken back to life

We'll make it through, we'll make it through[Chorus 2]

Never again, never again

Time will not take the life from me

Never again, never again

Time will not take the life from me
