

Want to Believe (Radio Edit) [Bonus Track]

[Rich Aucoin](#)

Have I found what I needed?
Can you ever conceive it?
If I heard it in nothing,
will I see it in something?
In times like this, I want to be a believer.
In times like this, I want to be a believer.
In times like this, I want to be a believer.
In times like this, I want to be a believer.
I want to be a believer.
Am I hardly existing?
Can I see what I'm missing?
When I die, is it ending?
Can I go on pretending?
In times like this, I want to be a believer.
In times like this, I want to be a believer.
In times like this, I want to be a believer.
In times like this, I want to be a believer.
Ooohh...
I want to be a believer.
Ooohh...
I want to be a believer.
Ooohh...
I want to be a believer.
Ooohh...
I want to be a believer.
