Im gonna hit it and against the rock
Im gonna hit it and against the rock, hit it
Im gonna hit it and against the rock, hit it
Im gonna hit it and against the rock, hit it
Im gonna hit it and against the rock, hit itI skipped the part about love
I skipped the part about loveIm gonna hit it and against the clock
Im gonna hit it and against the clock, hit it
Im gonna hit it and against the clock, hit it
Every minute and against the clock, hit it
Im gonna hit it and against the clock, hit itI skipped the part about love
I skipped the part about loveI break my heart with a frying pan
