Let It Slide

Jazzjet

The same, always the same
Bitter words are all that remain
Of the dream that had taken you in
All her words were dust in the wind
It's time to try to lie, to try to find
What you never know, it's time to let go
It's time to to move aside
To let it slide
Say
What's that you say?
Time to move on
And you're in the way
Let's get to the end
And not turn around
She built you up so
She could knock you down
It's time to try to lie, to try to find
What you never know, it's time to let go
It's time to move aside
To let it slide
Friend, there's nothing there
Your clinging onto it
You need to turn back
To something that you never had
It's time to try to lie, to try to find
What you never know, it's time to let go
It's time to move aside
To let it slide
To let it slide
What you never know, it's time to let go
It's time to move aside
To let it slide
