First Began

PJ Morton

I'm pretty sure I don't need anything else
This is the best feeling I've ever felt
I know it took a long time, but now I'm here
And I ain't going nowhere, no more fear
Room full of people but I only see you
Yeah, I'm so focused, everything else is in my rear view
Tell me what it's going to take for you to see
I only wanna be with youSay girl, you know that you're the only one that I want
The one that I want, one that I want
You know that you're the only one that I need
The one that I need, one that I need
You know that you're the only one that I want
The one that I want, one that I want
You know that you're the only one that I need
The one that I need, one that I need
You know that you're the only one that I want
Ooh
I know you've heard me say the same things before
But this time's different, I'm sure that I want more
So give me just one more chance, I won't let you down
Just watch what i show you, watch what I show you now
I know that forever is a long time
But there is no other choice in my mind
Tell me what it's going to take to make you see
That I only wanna be with youSay girl, you know that you're the only one that I want
The one that I want, one that I want
You know that you're the only one that I need
The one that I need, one that I need
You know that you're the only one that I want
The one that I want, one that I want
You know that you're the only one that I need
The one that I need, one that I need
You know that you're the only one that I want
Ooh
Oh I, I've made uá[1]— my mind
I know just what I want
I'm just waiting for you to see
What I see so clearly
I've never been more sure

Oh never in my life
But the time is right for you to be my one and onlySay girl, you know that you're the only one that I want
The one that I want, one that I want
You know that you're the only one that I need
The one that I need, one that I need
You know that you're the only one that I want
The one that I want, one that I want
You know that you're the only one that I need
The one that I need, one that I need
You know that you're the only one that I want
Ooh
