

# We Can Live Anywhere

## Big D and the Kids Table

Oom dada, dada, oom dada, dada  
If you don't like the streets  
Then that's all you have to say to me  
If you don't like the coffee shops  
Saying, the people aren't as nice  
Well, let's get out of here 'Cause you've never said to me  
Your soul can't breathe  
We'll live where we just smile most, yeah  
No matter how far  
We'll find our nest of peace  
'Cause we can live anywhere  
Yes we can live anywhere  
Pack your things up c'mon let's go  
Didn't you know we own this world?  
Yeah we can live anywhere  
You're much happier when you sing  
About how much you dig everything  
We'll live where we just joke the most yeah  
Too far? No way man  
We'll find that nest of peace  
Would you like to go today, London ain't too far away  
Would you like to go today, Paris ain't too far away  
Would you like to go today, for you nothing's too far away
