Beyond the Horizon

People In Planes

Beyond the horizon
People are arrivin'
You're welcome to stop and stare
Cause nobody will ever care(Softened yell) They'll never careBeyond your horizon
There are no delusions
There are no musts or compulsories
It's everything it wants to be(softened)
No, you're not gonna make it
What planet are you on?
No, I just don't buy it
No one will ever care
(shouting)
No, you're not gonna make it
What planet are you on?
No, I just don't buy it
They'll never care
They'll never care
They'll never careThink of all the bad things that could happen
All those life threatening situations
This is my utopia for you
We've got everything mapped out for you(quiet)
Think of
Think of
Think of
Think of
Think of
Think of
Think of
Think of
(Think of chant continues in background)
Think of all the bad things that could happen
All those life threatening situations
We've got everything mapped out for you
This is my utopia for you
They'll never care
They'll never care
