# Modern(e) Dancing

## Men Without Hats

modern, modern, modern, modern dancing
modern dancing, modern dancing
modern dancing, modern
I see you acting modernly with the boys and girls
exposure breeds discovery in the modern world
the 60's hairdos 90's eyes are just flashing lights
a touch of neon hinting class for the modern night
modern dancing, modern dancing
modern dancing, modern dancing
dancing

modern dancing, modern dancing
modern dancing, modern
mono vision TV face and determined eyes
the clothes are perfect the rips in place just the perfect size
familiarity breeds contempt but it doesn't show
we've heard the music times before but it still makes you go
modern dancing, modern dancing
modern dancing, modern dancing
modern dancing, dancing
....variations to fade....
