

If You're Lonely

James Booker

If you're lonely
Like I'm lonely for you
Then you love me darling
Like I want you tooNow if your heart aches
Like my heart aches for you
Then you miss me darling
Just like I want you toWhy must we stay apart?
Or break each other's heart
Let's forgive and forget
Let's go make a brand new startIf you're lonely
Like I'm lonely for you
Hide your pride, dear
Come back
Baby, come back to my arms.
