Let Somebody Else Drive

John Anderson

I heard it on the radio and 6 o' clock news
Said, "You'd better not drive when you get on the booze"
The sheriff was on TV an a shakin' his hand
Said, ?We're really crackin' down you better understand?
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
Let somebody else drive
Started drinkin' on Friday and by Saturday night
They had be blowin' through a tube charged with DUI
Cuffed and booked and thrown in a cell
I was tryin' to sober up and tell him myself
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
Just let somebody else drive

48 hours is a long is a long time to kill
In a room full of drunks surrounded with steel
Hell's all the serve in a Metro Bar
So don't be drinkin' when your drivein' your car
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
Let somebody else drive
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
(When you get on to whiskey)
When you get on to whiskey
Let somebody else drive
When you get on to whiskey
(When you get on to whiskey)

When you get on to whiskey
(When you get on to whiskey)
