# The Way Back Home

## Level 42

Didn? t I tell you the way back home
Didn? t I warn you to stay on the road
Didn? t I help you to understand
That life is just time passing thru your hands
There? s no easy path thru it
The truth is there is no truth to it
Moving thru the spotlight
Don? t let the paparazzi world define you
Now you? ve made your mark on it
I know you believed the hope of it
You know nobody wins
It? s the way you lose that keeps it hopeful
Didn? t I tell you I will be there
Didn? t I show you
I really care
You spoke of your plans for it
You talked all about your destiny
I could see the rain clouds
But I couldn? t stop the rain from falling
You tried to go way beyond it

You? d already made the most of it
Nothing wrong with dreaming
Just don? t fool yourself about the meaning
Didn? t I tell you the way back home
Didn? t I warn you to stay on the road
Didn? t I help you to understand
That life is just time passing thru your plans
You say that you can? t let go of it
That your life only works because of it
You? re afraid that you can? t hold on to it
But your heart doesn? t seem so sold on it
Why not try to believe the heart of it
Why not try to perceive the art in it
Why not let me be more a part of it
Didn? t I tell you that I? d be there
Didn? t I show you that I really care
Didn? t I tell you the way back home
Didn? t I warn you to stay on the road

Didn? t I help you to understand
That life is just time passing thru your hands
