

Stardust (feat. Elephant)

WDL

Now when i reached you
We kept on walking
One plus one make three
(You have to stay you, I have to stay me)Now young love
This is the old kind
We makin'
(Big bang baby, Big bang baby, Big bang baby)Together we knew
Growing up to fast
We braking trough
Like an oak tree we gon' last
Berried in you
Born a lovers cast
Don't get confused
If you do i hope you askWe made of stardust (x3)Straight outta' stone (x3)We made of stardust (x3)Straight
outta' stone (x3)You know we changed the
Universe when we
Blushed the sun bloody
(If we can stay true then us could be free)A heart beat
Got lost when raving
Come around
(Big Bang Baby)Together we knew
Growing up to fast
We braking trough
Like an oak tree we gon' last
Berried in you
Born a lovers cast
Don't get confused
If you do i hope you askWe made of stardust (x3)Straight outta' stone (x3)We made of stardust (x3)Straight
outta' stone (x3)It all led up to this
Moments of a bliss
Every bite scar n vommit
Turn a teardrop to piss
Wakin' in a wish
Dreamin' of mi life living
So fucking real the devils sun looks forgiven
Forgotten forever
Im naked under this
Naked under clothes
Take em off for me fish

Kadish dish

We die rich

Starjunkie's makin love a business

(Starjunkie's makin love a business)We made of stardust (x3)Straight outta' stone (x3)We made of stardust
(x3)Straight outta' stone (x3)
