Dang Good Stuff

Kim Lenz

I need a long tall man to kiss and hold me tight (x2)
With your book honey, I think you'll do just fine
It don't take no dimes or pearls to make me burn (x2)
With what I need honey I know you got the cureI need some dang good, dang good stuff
Dang good, dang good stuff (x3)
Come on give it to me, I just can't get enoughLet's sleep in, lay in, stay in all night long (x2)
Well you can't do right unless you do something wrong
Well pass that bible, rebel, get this way
I said pass that bible, rebel, get this way
I need a king stakened up, just stay a while with meI need some dang good, dang good stuff
Dang good, dang good stuff (3x)
