

# Saving Days In A Frozen Head

[Kaki King](#)

Sunlight wakes me just to say let's go to sleep now  
You work early so for this hour I'll just look at you There is nothing meant to happen in this world  
I don't wanna go but I can't say I've had a good time doing anything  
I don't wanna go but I can't say I've had a good time Dig beneath my skin and find out what there really is to me  
Dig beneath my skin and find out what there really is to me  
(I don't wanna go but I can't say I've had a good time doing anything)  
(I don't wanna go but I can't say I've had a good time doing anything) I don't wanna go but I can't say I've had  
a good time blaming anyone  
I don't wanna go but I can't say I've had a good time
