Perfect

Flyleaf

Sick of circling the same road
Sick of bearing the guilt
So open the windows to cool off
And heat pours in instead
Perfect in weakness
I'm only perfect in just your strength alone
All my efforts to clean me
Leaves me putrid and filthy
And how can you look at me
When I can't stand myself
I'm tired to be honest
I'm nobody
Perfect in weakness
I'm only perfect in just your strength alone

Perfect in weakness
I'm only running in just your strength alone
I tried to kill you
You tried to save me
You save me
You save me
You save me
You save me
Perfect in weakness
I'm only perfect in just your strength alone
Perfect in weakness
I'm only running in just your strength alone
