

Close to Me (Closest Mix)

The Cure

I've waited hours for this, I've made myself so sick
I wish I'd stayed asleep today
I never thought that this day would end
I never thought tonight could ever be this close to me Just try to see in the dark, just try to make it work
To feel the fear before you're here
I make the shapes come much too close
I pull my eyes out, hold my breath and wait until I shake But if I had your faith
Then I could make it safe and clean
If only I was sure
That my head on the door was a dream I've waited hours for this, I've made myself so sick
I wish I'd stayed asleep today
I never thought that this day would end
I never thought tonight could ever be this close to me But if I had your face
Then I could make it safe and clean
If only I was sure
That my head on the door was a dream But if I had your face
Then I could make it safe and clean
If only I was sure
That my head on the door was a dream
