The Flight

Toro y Moi

I'll let you fall asleep on the floor
Nothing's on so I'll just ignore
Don't bother to wake me up
You said nothing's worse than leaving a dreamNo gets me more than you
What is it you want to do
Let's go outside to the breeze?We've got all we want
There's no place to go
There's only one (there's only one)
Something's wrong (something's wrong)I'd only go if we got in for free
Drowning for rows? I hope you're right by me
You shut your eyes while I look at the sky
Then you ask how long was the flightWe've got all we want
There's no place to go
There's only one (there's only one)
Something's wrong (something's wrong)We've got all we want (all we want)
There's no place to go (place to go)
There's only one! (only one)
Or something's wrong! (something's wrong)
