

# Surrounded By Thieves

## High on Fire

Icy caverns holds man traveler  
Ancient relic reveals secrets  
Transform human beyond mortal  
Learn foreboding sacred tempest  
Up to their bridles in blood  
The wars of the Earth have begun  
The sunless age comes so it seems  
The cities surrounded by thieves  
Rich man he lusts for gold  
Still there are slaves to be sold  
Woe to the one who had saved  
The cities surrounded by graves
